Education Program.

2. If the Boren Scholar fails to maintain satisfactory academic progress according to the regularly prescribed standards and practices of the home or host institution for any term in which the Boren Scholarship is provided, probationary measures of the home or host institution will apply to the student. Failure to meet the home or host institutions' requirements to resume satisfactory academic progress within the prescribed guidelines of the home or host institution will result in the termination of the Boren Scholarship to the award recipient. Boren Scholars must notify IIE within 10 days if advised of failure to maintain academic progress by the home or host institution.
3. Extenuating circumstances, such as illness of the Boren Scholar or a close relative, death of a close relative, or an interruption of study caused by the host institution, may be considered as acceptable reasons for non-satisfactory academic progress. Boren Scholars must notify IIE of any such extenuating circumstances within 10 days of occurrence. IIE will review these cases on an individual basis to determine what course of action is appropriate and recommend such action to NSEP for final determination.

C. Service Agreement

All Boren Scholars must sign the *Service Agreement for Scholarships and Fellowships Awards*. All Boren Scholars will incur a service obligation to the United States government, according to the conditions outlined below. The terms of DoDI 1025.02, *National Security Education Program (NSEP) Service Agreement* apply to all applicants and recipients of awards under the NSEP. See DoDI 1025.02.²

1. The NSEP Service Requirement stipulates that an award recipient work in the Federal Government in a position with national security responsibilities. The Departments of Defense, Homeland Security, State, or any element of the Intelligence Community are priority agencies. On a case-by-case basis, NSEP may consider employment with a federal contractor of one of these four priority organizations as meeting the service requirement should the award recipient provide adequate documentation that the salary for the position is funded through a U.S. government contract or cooperative agreement. If an award recipient demonstrates to NSEP that no appropriate position is available in one of these agencies, or a contractor thereof, the award recipient must seek to fulfill the requirement in a position with national security responsibilities in any Federal department or agency. NSEP approval of service outside of a priority agency is contingent upon satisfactory demonstration of a full and good faith effort in accordance with conditions established by NSEP. If an award recipient demonstrates to NSEP that no appropriate position is available in the Federal Government, the award recipient may petition NSEP to fulfill the requirement in an education position directly related to the study supported by the program. The education option is available only after exhausting all opportunities to fulfill the requirement in the Federal Government in accordance with conditions established by NSEP.

3. The period to commence to fulfill the service requirement may begin at the conclusion of the NSEP-funded study, and ends no later than thirty-six (36) months after the date of graduation from or termination of the program of study for which the Boren Scholarship was awarded.
4. Boren Scholars must complete and submit a Service Agreement Report (DD Form 2753) to NSEP three months after program completion and annually until the NSEP Service Requirement is satisfied or waived.
5. Boren Scholars must work to satisfy all service requirements in accordance with applicable NSEP service agreements until all NSEP service requirements are satisfied. Work in fulfillment of the NSEP service agreement must be wholly completed within five years of the award recipient's first date of service unless an approved deferral or extension has been granted.

I understand that I may request a deferral of the NSEP Service Requirement if I am enrolled in a degree program at an accredited institution of higher education.
2. I understand that if I make a good faith effort to fulfill the NSEP Service Requirement and do not have an appropriate offer of federal employment, I may request an extension of one year to fulfill the NSEP Service Requirement.
3. I understand that I may request a waiver of the NSEP Service Requirement if extenuating circumstances, such as those outlined in paragraph B.3, above, prevent me from fulfilling the obligation and that final decisions on requests for waivers rest with the Director, NSEP.
